

## Coordinators Update

Greetings Auskickers!

The images here tell the story of last Friday night – our last official night of Auskick. Richo and I would like to pay tribute to a colleague of ours, Bev Hambling, and her husband, who were the brains trust behind the wonderful banners created for our Auskickers. Next time you see a Fremantle banner at an AFL game here in Victoria, you may see similarities to ours. Bev is part of the Fremantle cheer squad and is responsible for constructing the Dockers' banners when they play at Skilled Stadium or in Melbourne.

Another big thank you to those that have helped on and off-field this year. Whilst we did have the chance to publicly thank many of the regular coaches last week, we also want to acknowledge all parents who at some point have volunteered their time through the season, either helping with drills, set up, pack up or assisting in the kitchen. The huge growth in participant numbers in 2010 may be the visible proof of the success of Amateurs Auskick, but it would not have been possible without the contribution of so many helpers who ensured that the nights ran smoothly.

This **Friday, August 20**, is an opportunity for Auskickers to come along for pure grid game action, starting at our regular time of 4.45pm. We would really appreciate as many parents as possible to help with supervising the matches – keeping the kids in position, etc. And, as we can't be sure of attendance numbers, there will be no food available for sale afterward. The bar will be open for purchase of drinks.

The **medal presentation** will take place at our break-up on Sunday, August 29 no earlier than 10.00am. If you are coming and have yet to RSVP, please let me know in the next few days (email or in person this Friday night). If your child is not coming to the break-up and therefore not able to receive their medal, then please let me know.

See you this Friday!

Richo and Rick

Above and right: the Kinder banner.

Below: the main banner.

### Amateurs Juniors & Auskick Break-up

#### Sunday, August 29

9.00am to 1.00pm. A massive day filled with lots of fun and activities. Cost is \$5.00 per child – this is to cover the variety of rides that have been hired for the day. There will be food and drink available for purchase in the club's canteen throughout the event. It is anticipated that our Auskick medal presentations will start at 10am or just after so make sure you arrive in time for that.

RSVP is necessary for catering purposes prior to the day, but payment itself can be made on the day. Your child will be given a stamp that will then entitle them to unlimited use of the rides.

RSVP can be via reply email to me or let me know this Friday night.
